ABOUT

EDUCATION SUMMIT 2019

CHINA UK GLOBAL EDUCATION SUMMIT

The China UK Education Summit is co-organised by China UK Development Council (CUDC) and the most prestigious universities in the UK. Every year, CUDC co-organise an Education Summit with colleges of the University of Cambridge or top universities in the UK, where representatives of universities in the UK and China attend to meet their peers and discuss potential collaboration and partnerships. We are dedicated to advocating an equal dialogue between higher education institutions of both countries regarding short-term and long-term education programmes, research and technological developments, overseas talent recruitment, translational education and innovations, to deepen understanding and explore collaboration.

Separated meeting rooms will be provided for the subject of general Educational/Research collaboration, Economics and Finance, Medicine, and Artificial Intelligence. In response to the demand for more networking opportunities in the last Summit, separated meeting rooms will be provided for Economics and Finance, Medicine and Pharmacy and Artificial Intelligence. These meetings will be led and coordinated by outstanding professionals and representatives from China where you can connect and discuss specific topics freely and easily.

ABOUT

RECRUITMENT FAIR 2019

OVERSEAS TALENT RECRUITMENT FAIR

China UK Development Council is committed to improving the communication efficiency between Chinese and English education culture, breaking long communication barriers and implementing various cooperation. In the 2018 China-UK Summit, many universities mentioned the current needs for overseas talent recruitment. After a year of preparation and coordination, China UK Development Council will host the first overseas talent recruitment fair in April 2019.

The career fair will be an integral part of the education summit and will be held on the last day of the conference. Prior to this, the China UK Development Council will collect all the recruitment requests and requirements from colleges and universities. This information will be centralized and announced to the target candidates. On the day of the recruitment fair, recruitment booths will be provided for each university to showcase their strength and achievements, while face-to-face interviews will be arranged between the selected candidates and university representatives.

CHINA UK DEVELOPMENT COUNCIL

Established and based in the UK, China UK Development Council is committed to promote communication and collaboration between Chinese and British Universities, continue to explore win-win collaboration opportunities for universities of both countries.

China UK Development Council provides year-round educational support for Chinese and British Universities and establishes feasible collaboration projects. With a sustainable cooperation model, we will coordinate direct meetings between universities as a starting point to explore cooperation which can lead to forming a detailed cooperation and implementation plan, so that an in-depth cooperation can be carried out in an organised manner.

INTRODUCTION

ORGANISERS

ST JOHN'S COLLEGE
UNIVERSITY OF CAMBRIDGE

ST JOHN'S COLLEGE

St John's College is one of the largest colleges at the University of Cambridge. The College was founded by the queen mother lady Margaret Beaufort.

The architecture in St John's College is magnificent. There are totally five courtyards in the college. The most famous one was built in the year 1589 and is considered as "the most beautiful Tudor court" in England. St John's College is very prestigious in Europe. Within all the colleges at the University of Cambridge, the total asset owned by St John's College is listed as the second most among all the colleges.

CLARE HALL

CLARE HALL

Clare Hall was founded in 1966 by Clare College. It is a graduate college in the University of Cambridge, renowned for its informal approach to college life and international diversity. The President, Fellows, Visiting Fellows and graduate students together make an integrated academic society that is not constrained by hierarchy and is consequently a culturally rich and intellectually diverse environment for advanced study.

The College has tremendous expertise in the fields of natural sciences and humanities, including physics, chemistry, biology, engineering, computer, law, economics, literature, business, and has made great contributions. In just a few decades, Clare Hall has already produced more than six Nobel Prize winners.
